a book for people who would like to manage themselves their time and their business better but are too busy to begin this guide to managing provides an understanding of the basic functions of management and the essential skills needed to enable you to manage effectively when you have read this book you will know what management involves will have the ability to identify what action needs to be taken and when will realize that you can manage as well as if not better than anyone else

a book for people who would like to manage themselves their time and their business better but are too busy to begin this guide to managing yourself shows that taking charge of your life is the key to getting more from it when you have read this book you will know what you have to do to achieve your goals will

know how to keep on top of everyday activities will be better at managing yourself

providing guidance on the processes of management and leadership this work presents particular reference to what managers and aspiring managers need to know about the skills of management and approaches to effective leadership

finding effective strategies to empower you in your workplace is achievable manage up the ultimate guide to managing your manager helps your find ways to embrace your career on your own terms manage up has easy to apply tools centered on helping you develop an important skill one that often does not get the attention that it deserves often leadership focuses on how to manage others specifically on how to manage and lead those that you directly supervise however it is also equally important to manage your supervisor aka managing up managing your boss is a skill regardless of the relationship that you have or how effective your boss is at doing their job your professional effectiveness can be a direct result of how you manage up manage up the ultimate guide to managing your manager provides you instruction on how to tap into your and your boss s strengths and talents the power of building mentoring relationships and the impact of networking manage up will help you enhance and elevate your performance and professional standing within your organization easily digestible and highly practical you will gain mastery of a skill that is transferrable in any industry and professional domain this book will increase your overall personal sense of job satisfaction and engagement

balance and control is a guide to managing people at many different levels of technical and psychological maturities and at different hierarchical ranks subordinates peers and superiors it takes the theories of management and leadership and puts them into practical strategies and actions that have been proven to actually work it takes an unvarnished look at the interface between the manager and those he manages or interacts with and helps the manager to get a better appreciation of the human dynamics that are likely at play the author s intent is to help the individual reader grow as a manager and help him avoid the majority of the professional and political pitfalls that are always present when any attempt is made to manage the competitive narcissistic and un contented animal that is man the book was designed to provide the manager a window into his own basic nature in order to give him a better understanding of the nature of man in addition the book s design brings together many of the same standard operational management strategies and tools found elsewhere but the author puts them into situational context so the manager can see how his actions or lack thereof might be being interpreted on a psychological and emotional level by those directly affected by what he does the book takes the reader on a blue collar journey through the white collar challenges of management it will walk you through many of the human interactions a manager is likely to encounter while keeping you mindful of man s natural motivational drivers his desires and fears his pursuit of higher hierarchical status individual recognition pride and personal respect the author constructed the book in a cumulative fashion allowing each new section to build upon the last and he has chosen to take a holistic approach to the information provided therefore the subject matter is interrelated wide

ranging and somewhat detailed you will also find demonstrative examples scenarios and actual case studies to provide the reader with added clarity man is presented to the reader as a compartmentalized being so that each of the three separate and distinct levels of his being can be examined individually the aspirational being the competitive being and the primordial being the book was written for the sole purpose of helping the reader the manager become skilled at managing and leading man at all three of those levels not just the aspirational man you shouldn t expect to find any magic formulas to becoming a better manager here and there won t be any 5 simple steps to superior leadership or a 60 second solution to anything what you should expect is to be able to learn the tools of human management and to be able to take control and become an effective manager and leader of men you should also expect to develop an insight into man s nature which will allow you to avoid unintended consequences while facilitating cooperation and compliance with your leadership your requests recommendations or dictates while no attempt has been made to make the book s contents sufficiently comprehensive or all inclusive the information provided should provide the reader a solid foundation upon which he can start to build or continue to build his managerial acumen and career success

a how to guide for first time managers adjusting to their new leadership roles

some people just shouldn t be managers they somehow got promoted to management positions but know nothing about the science of managing and have no desire to learn how did you manage that takes a tongue in cheek look at the characteristics of these misfits while pointing out the serious nature of their management flaws but more than that how did you manage that seeks to offer suggestions to the new or aspiring managers that will help them avoid the pitfalls which characterize today s management misfits filled with interesting stories and examples this easy to read book will be of valuable assistance to any readers who manage others and seek to be good at what they do
